TUCK'S POST CARD

CARTE POSTALE

The Castle, Scarborough.—Scarborough is situated on the north and south sides of a rocky promontory jutting into the North Sea, forming two unequal bays. It is protected from north and east winds by "The Scaur," a lofty headland, the huge craggy cliffs of which make it almost inaccessible. On the top of the cliff is a green tableland, where stood the noble castle built in 1127 and now in ruins.
